## Summary

I am a Front End developer with 2 years of experience in the programming field. Throughout my professional career, I have worked with languages such as JavaScript, HTML, CSS, and libraries such as React, Redux, Bootstrap, SASS. I also have experience with Node.js and SQL and PostgreSQL databases.

I am passionate about developing user interfaces and creating engaging and intuitive user experiences. I enjoy working in a team, learning new technologies, and sharing my knowledge with others. I consider myself proactive, committed, and results-oriented.

## Experience

### Junior FrontEnd Developer

Tel Tech Services

Jan 2021 - Nov 2022 (1 year 11 months)

I managed to improve the user experience and performance of clients' websites by modernizing the UI.

I implemented the integration of third-party tools, such as payment systems or analytics tracking systems, on websites and applications.

I successfully integrated third-party APIs into clients' websites, such as social media APIs or payment gateways as required by the client.

I enhanced my skills in working with version control systems like Git.

I collaborated with the design and back-end teams to ensure that the UI design is consistent with the website's functionality.

I contributed to the creation of unit tests for JavaScript code and React components using tools like Jest and React-testing Library.

I created mocks and stubs to simulate external components or modules and test their integration.

### Intern at Tel & Tech Services, C.A.

Tel & Tech Services, C.A.

Jul 2020 - Jan 2021 (7 months)

I was able to create both static and dynamic websites with custom and on-demand designs for clients.

I enhanced my skills in managing styles, JavaScript, and form creation to collect user data.

I developed pages with responsive design that adapt to any screen resolution.

I successfully converted web page designs into HTML, CSS, and JavaScript code that is compatible with different browsers and devices.

## Education

### Venezuela Job

Bachelor's degree, Administration

## Licenses & Certifications

**Responsive Web Design** - freeCodeCamp

**JavaScript Algorithms and Data Structures** - freeCodeCamp

**React: De cero a experto (Hooks y MERN)** - Udemy

UC-84e6fcf2-1a7f-4900-950a-67cb01b9a124

**SQL Bootcamp from Zero to Hero** - Udemy

UC-b14a33d1-7b6f-40ca-8e91-f3bd19a6d48f

**Master en Lógica de Programación** - Udemy

UC-1d664500-a34a-4307-9e56-c8fd86163739

**React + Redux theoretical** - Sololearn

**Python Intermediate** - Sololearn
